A culture of openness and accountability is essential in order to prevent serious situations occurring but if they do, it is important to have a rigorous process for addressing concerns.

In line with that commitment, we encourage employees who have serious concerns about any aspect of The Learning Village Academy Trust to come forward and voice those concerns.

## **Appendix A: Whistleblowing Policy**

### **Introduction**

As an employee or a governor you are often the first to realise that there may be something seriously wrong within The Learning Village Academy Trust (The Trust). However, you may not express your concerns because you feel that speaking up would be disloyal to colleagues or The Trust. You may also fear harassment or victimisation, and think it may be easier to ignore the concern rather than report it.

The Learning Village Academy Trust is committed to the highest standards of openness, probity and accountability. In line with that commitment, we encourage employees and governors, who have serious concerns about any aspect of The Trust's work, to come forward and voice those concerns.

It is recognised that certain cases will have to proceed on a confidential basis. This policy document makes it clear that staff can do so without fear of reprisals. This Whistleblowing Policy is intended to encourage and enable staff and governors, to raise serious concerns with The Learning Village Academy Trust rather than overlooking a problem or discussing it externally.

In addition, the policy provides a means for you to raise a concern under the Public Interest Disclosure Act 1998, which provides you with a certain level of legal protection if you wish to raise legitimate concerns.

The Chief Executive Officer / Executive Headteacher has overall responsibility for:

- maintaining and operating the policy
- annual review of the policy
- annual report on the effectiveness of the policy
- approving amendments to the policy
- promoting the policy periodically
- maintaining a record of concerns raised and the outcomes (but in a form that does not endanger your confidentiality) and will report as necessary to The Trust Board.

### **Aim and Scope of the Policy**

The aim of this policy is to:

- provide avenues for you to raise concerns and receive feedback on any action taken
- allow you to take the matter further if you are dissatisfied with the Trust's response and

- reassure you that you will be protected from reprisals or victimisation for whistleblowing in good faith.

This Whistleblowing Policy is intended to cover concerns that fall outside the scope of other procedures, although The Learning Village Academy Trust reserves the right to determine which procedure is appropriate.

Concerns to be reported under this policy may relate to something that:

- is unlawful
- is against the Trust's Policies, Procedures or rules;
- falls below established standards or practice; or
- amounts to improper conduct.

## **Safeguards**

### *Harassment or Victimisation*

The Learning Village Academy Trust recognises that the decision to report a concern can be a difficult one to make, not least because of the fear of reprisal from those responsible for the malpractice. The Learning Village Academy Trust will not tolerate harassment or victimisation and will take action to protect you when you raise a concern in good faith. This does not mean that if you are already the subject of procedures such as disciplinary, capability, grievance or managing attendance, that those procedures will be halted as a result of your whistleblowing. Where feasible, you will be contacted when your concern has been investigated to ascertain whether you have suffered any detriment as a result of your whistleblowing. If at any time, either during or after the investigation, you feel that you have suffered any detriment as a result of your whistleblowing you should contact the Chair of the Trust Board.

### *Confidentiality*

The Learning Village Academy Trust treats the details of all whistleblowers in confidence and will do its best not to divulge your identity. However, it must be appreciated that the investigation process may reveal the source of the information without us revealing your identity directly, and a statement by you may be required as part of the evidence.

### *Anonymous Allegations*

Allegations can be made anonymously. However, this policy encourages you to put your name to your allegation, as concerns expressed anonymously are often much more difficult to investigate. For example, we may need to contact you to obtain further information or verify the details you have already given us. Anonymous allegations will be considered wherever possible at the discretion of The Learning Village Academy Trust.

The factors to be taken into account when determining whether an investigation in such a case can proceed would include:

- the seriousness of the issues raised
- the creditability of the concern
- the likelihood of confirming the allegation from other, attributable sources

### *Untrue Allegations*

If you make an allegation in good faith, but it is not confirmed by the investigation, no action will be taken against you. If, however, you make malicious or vexatious allegations, appropriate action may be taken against you.

### **How to Raise a Concern**

The earlier you express the concern, the easier it is to take action. As a first step and as a staff member, you should normally raise concerns with your immediate manager or other appropriate manager. This depends, however, on the seriousness and sensitivity of the issues involved and who is thought to be involved in the malpractice. For example, if you believe that management is involved, you should contact the Executive Headteacher or the Chair of the Trust Board in writing. You may invite your trade union or professional association to raise a matter on your behalf. As a member of the public, please contact the Chair of the Trust Board in writing.

The Learning Village Academy Trust will respond as follows:

The action taken by The Learning Village Academy Trust will depend on the nature of the concern. The matters raised may:

- be investigated internally (this is the most likely option)
- be referred to the Police
- be referred to the external auditor
- be referred to the DfE
- form the subject of an independent inquiry
- or any combination of the above

In order to protect individuals and the Trust, initial enquiries will be made to decide whether an investigation is appropriate and, if so, what form it should take. Concerns or allegations that fall within the scope of specific procedures (for example, child protection or

discrimination issues) will normally be referred for consideration under those procedures. Some concerns may be resolved by agreed action without the need for investigation. Within ten working days of a concern being received, where appropriate, The Learning Village Academy Trust will write to you:

- acknowledging that the concern has been received
- indicating how it proposes to deal with the matter
- telling you whether any initial enquiries have been made; and
- telling you whether further investigations will take place and, if not, why not.

The amount of contact will depend on the nature of the matters raised, the potential difficulties involved and the clarity of the information provided. If necessary, further information will be sought from you.

When any meeting is arranged, you have the right, if you wish, to be accompanied by a union or professional association representative or a friend who is not involved in the area of work to which the concern relates. The Learning Village Academy Trust will take steps to minimise any difficulties that you may experience as a result of raising a concern. For instance, if you are required to give evidence in criminal or disciplinary proceedings, The Learning Village Academy Trust will advise you about the procedure. The Learning Village Academy Trust acknowledges the need to provide you with assurance that the matter has been properly addressed. Thus, subject to legal constraints, you will receive appropriate information about the extent and outcomes of any investigations.
